I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I strongly disagree with the possibility of not being able to order my compound prescriptions from out of state. The prescriptions I'm taking have improved my quality of life and my effort to relieve my symptoms to live comfortably. I would greatly like the freedom to be able to choose whom to fill my prescriptions. Not too many pharmacies have the ability or desire to make compound medications.

Thank you for your
consideration
